Bug in use case 1A - Register to the system as an user

Description

The user registration form does not check if the terms and conditions are accepted.

Results

The tester found this bug.

Bug in use case 1B1 - List comics

Description

When pressing the New button to create a comic, the cancel button does not return to the proper page.

Results

The tester found this bug.

Bug in use case 1H - Search for comics

Description

Typing 'this' into the search bar and clicking Submit prints a stack trace.

Results

The tester found this bug.

Bug in use case 2B1 - Change my password

Description

The system requests but does not check the user's old password when he attempts to change his password.

Results

The tester found this bug.

Bug in use case 5F - Massively send mail

Description

When sending mail massively, selecting 'trusted users and administrators' as recipients will result in administrators not receiving it.
